

# GENERAL WIRE STRIKE MAY BE CALLED TODAY

## BATTERY C. BOYS WILL ARRIVE HOME DURING SUNDAY AFTERNOON; WHISTLE I WILL WARN OF THEIR NEARING DIXON

### Will Be Unloaded at Court House Park Upon Arrival.

Lee county's heroes of the 123rd Field Artillery will arrive home tomorrow afternoon, sometime after one o'clock, after their absence of over two years, during which they were transformed from a national guard infantry regiment to a federal heavy artillery organization, in which capacity they earned everlasting laurels with the allied armies in far-away France.

The brave and happy soldiers, who as members of Company G, Sixth Infantry Illinois National Guard, left Dixon on March 27, 1917—ten days before the Congress of the United States declared a state of war existing between this country and the Imperial German government—for Rock Island to guard the government arsenal, will be brought back to their hometown in automobiles furnished and driven by a score of joyous Dixon men, everyone of whom will be proud of having had part in transporting the boys from Camp Grant to their homes.

The caravan of autos will leave the Elks' club at 7:30 o'clock tomorrow morning and will go direct to Camp Grant where the Dixon men nearly all of whom will have been discharged and paid off by that time, will be assembled by Capt. Lloyd Lewis (who was their Second Lieutenant when they left two years ago and who is now in command of the Headquarters company of the 123rd), the boys will be taken aboard and the joyous return trip will start. It is thought that practically all of the Dixon soldiers

## COMMERCIALIZATION OF BIG DAY DECRIED

### Committee to Permit No Advertising Here on Thursday.

The general committee which is in charge of the arrangements for the big Welcome Home celebration next week asked the Telegraph to state emphatically that as far as it is in their power they will not allow celebration to be commercialized in any manner, and that no advertising of any kind will be permitted in the parade or in any of the affairs under the committee's charge.

One member of the committee stated to The Telegraph this morning that the business men of Dixon are proud of them and glad to have them home, and not to boost anyone's business. "We're glad the fellows are home after such a wonderful record," this committee member said, "and in our opinion any attempt to commercialize the sentiments of a proud and happy community is very akin to sacrilege."

## ASKS IMPRISONMENT FOR LIFE FROM BOARD

### Johnson Asks Sentence Be Commuted—Hear Plea July 8.

(Special to The Telegraph.) Springfield, Ill., June 7.—R. E. Johnson, who had been sentenced to hang in Dixon on June 13 and was yesterday reprieved until August 8th by Gov. Lowden, has petitioned the Division of Pardons and Parole to commute the sentence imposed by the jury and Judge Heard from hanging to life imprisonment. The Division will hear the arguments on the petition at their regular meeting July 8th in Springfield.

## PURE BRED CATTLE ARRIVED HERE TODAY

A car load of pure bred Holstein cattle from the Cavanaugh stock farm at Elma, N. Y., was received this morning by E. J. Countrymen and E. M. Detweiler, for delivery to their two stock farms. The cattle came through in good time and were constantly looked after by an experienced stockman. In the shipment is one cow which was purchased by Mr. Countrymen at the national sale last week at Elmira, N. Y., which becomes the record butter producing cow of Illinois. This cow will be taken to Mr. Countrymen's Townside farm with several of the other animals for the present.

Mrs. Sarah Haley and daughter were shopping here today from Harmon.

## EXPECT WILSON WILL REFUSE TO GIVE UP TREATY

### U. S. Delegation Makes Known Opposition to Senate Plan.

**By Associated Press Leased Wire**  
Washington, D. C., June 7.—Administration officials believe President Wilson's reply to the senate resolution asking for the peace treaty with Germany will be that it is not compatible with the public interest to furnish the text at this time.

This belief was strengthened by dispatches today from Paris saying the American peace delegation apparently is firm in its decision not to authorize publication of the treaty until it is signed.

Among those who will take cars in the caravan, which will be in charge of the delegation, are: Mr. Wilson, J. N. Hutcheson, R. S. Kline, W. W. Gilbert, M. E. Rice, John E. Moyer, George Boynton, Frank Schoenholz, George Hawley, E. S. Rosecrans, Prescott Clark. Other cars are to be determined upon during the afternoon.

Should Arrive Early. Although the rains of the last week have made many of the roads extremely heavy those in charge of the transportation of the boys home are of the opinion that the arrival in this city should be between 1 and 3 o'clock tomorrow afternoon.

No effort will be made at any public reception for the boys tomorrow, for there is one foremost desire in the heart and mind of everyone of those brave fighters who have done their share toward "licking the Hun"—and

## ELKS TO HOLD FLAG DAY FETE

Rev. E. C. Lumsden, pastor of the First Methodist church, will be the speaker at the annual Elks' flag day exercises which will be held at the city park on West Second street, Saturday evening, June 14. The committee in charge of the program met last evening at the Elks club and arranged for the observance of the day in Dixon.

A parade will form at the Elks club Saturday evening at 6:45, leaving the club promptly at that hour. The parade will be headed by the Dixon Municipal band, followed by all returned soldiers who are urged to be present in uniform and march in the parade. The line of march will proceed through the business section of the city to the park where the regular Elks' flag day ritual will be conducted with Rev. Lumsden as the speaker.

At the park, the returned soldiers and sailors will form a square about the tennis court within which the services will be conducted. The committee in charge of the program consists of Chairman A. B. Whitcombe, R. H. Howell and Stuart S. Nettz. This committee will meet tomorrow afternoon at the Elks' club to arrange the complete program for the day. The program at the park will be open to the public and every one is invited to attend.

## ALONG THE LINE WITH THE HOMEWARD BOUND BATTERY C

## NEW LONG DISTANCE PHONE TOLLS TO GO INTO EFFECT SUNDAY

### Increased Charges Will Be Assessable After Midnight Tonight.

Louis Pitcher, manager of the Home Telephone company, today was advised that the new long distance telephone rates, fixed last December by Postmaster General Burleson, would be effective at midnight tonight.

The rates are made effective by a decision of the United States Supreme court which held the schedule, prepared by the postoffice department, to be valid. The case reached the Supreme court on appeal from the United States district court, where an injunction against the rates, asked by the telephone companies of Illinois, was granted by the judge.

Following this decision enjoining the postmaster general from putting in effect the increase, the companies maintained the old rates until such a time as the constitutionality of the rate schedule could be established.

The new rates will require careful study by employees of the telephone company and the public using the toll lines. Instead of one rate as now to Chicago for instance, there will be six different rates. At present if you call for John Smith at Main 500 in Chicago and John happens to be out, the telephone operator tells you so, you sigh and keep your money. In the future she will charge you twenty cents for the information.

### To Make Appointments.

If you desire to make an appointment to talk to Mr. Smith later or wish to send a messenger out for him, the rate for your three minute conversation will be 55 cents. If Mr. Smith is in his office the rate to talk when the operator has called him to the telephone will be 80 cents, while if you call for Main 500 but take your own chances of Mr. Smith being there, the rate for your regular three minute conversation will be 65 cents, but out of your three minutes will come the time required for Mr. Smith to get to the telephone in case someone else answers at the number you are calling.

### The Free Toll.

The new rates do not effect the free toll service which is now given to Dixon subscribers pending the study and revision of the monthly rates for service, which would seem to indicate that the Postmaster General has in mind the revision of the present telephone rates, throughout the country. The new rates provide for toll charges of 50 within a radius of 6 miles, 100

## ALL AMERICANS TO LEAVE NORTH RUSSIA IN JUNE

**By Associated Press Leased Wire**  
Washington, June 7.—Official announcement was made today by General March that all of the original Archangel expedition will have sailed for home within two weeks. Companies E, G, I, M, and the machine gun company of the 339th infantry are now enroute for Brest having sailed from Archangel June 3.

There will be left at Archangel temporarily the railway engineer units sent there recently to assist the withdrawal. General March said he was unable to forecast the date for the withdrawal of the Siberian forces.

**By Associated Press Leased Wire**  
Archangel, Friday, June 6.—(Delayed.)—According to the revised arrangements, all the American forces, including the engineers will be withdrawn from the North Russian front and will be ready for sailing by the last of June. The second contingent of Americans to leave northern Russia now is assembling at Economla, the winter port of Archangel. This contingent is expected to leave in about ten days.

Before sailing with the first contingent, Major J. Brooks Nichols, commander of the American troops on the Vologda railroad sector, who had been already awarded the British distinguished service order, received the French war cross and was informed that the medal of the French legion of honor was awaiting him at Brest. Major Nichols' home is in Detroit, Mich.

Officers of lodges in the vicinity of Dixon have been invited to be present upon this occasion and many have already planned for their reservations.

## ALL COMMERCIAL OPERATORS WILL TAKE PART IN IT

### Head of Telegraphers Union Will Decide Date in Chicago.

**By Associated Press Leased Wire**  
Washington, June 7.—President S. J. Koenekamp, of the Commercial Telegraphers' Union of America, who today is enroute to Chicago, announced before his departure last night that he would call a nation-wide strike of union telegraphers upon his arrival in Chicago late today. The strike is proposed in support of the Western Union Telegraph company's employees in ten southern states who went on strike on Thursday night.

Until he reaches Chicago, Mr. Koenekamp stated, it would not be decided whether the spread of the strike would be confined to the Western Union or include the Postal Telegraph-Cable Co. He also said the date of the proposed strike also had not been determined.

Western Union officials claim that of the 40,000 employees of the company eligible to join the telegraphers union, only 710 were members and expressed belief that a strike would not seriously impair the service.

Post office department officials are not concerned in the threatened walk-out as the order of Postmaster General Burleson in returning operation control of the wires to their former owners, puts the burden of combatting the strike on the companies.

### PACIFIC STRIKE JUNE 11.

**By Associated Press Leased Wire**  
San Francisco, June 7.—A strike of commercial telegraphers, who are members of the union throughout Pacific coast states, is to be called June 11 unless demands made upon employers are complied with, according to a message received last night by Patrick O'Connor, president of the local organization of the Commercial Telegraphers' Union of America. The telegram was signed by L. I. Marshall of Los Angeles, first vice president of the organization. It read as follows:

"Unless all telegraph officials yield to demands of the workers by June 11, telegraphers and other telegraph workers, as well as their sympathizers, will be asked to vacate their respective offices. This announcement embraces the Western Union, Postal and federal telegraph companies on the coast, thereby

## AIRPLANE WILL BRING EXPRESS TO DIXON FIRM

### Alfred Decker & Cohen 'Airplane to Bring Clothing Here.

Dixon will experience her first visit from an airplane express next Thursday. Vaile & O'Malley, the Dixon clothing firm, announced today that the Society Brand clothing manufacturing house will send a shipment of clothing to Dixon on Thursday via the air route. Former Lieutenant Hassell, an ex-army flyer, who will pilot the machine to Dixon, was here today and selected his landing place, which is a meadow on the Lawson farm south of town on the Peoria road, just beyond the Chicago & Northwestern overhead crossing.

The Society Brand plane will arrive in Dixon at 12:30 o'clock next Thursday. The pilot will be met by a committee of citizens in recognition of this event in the establishment of an airplane express route to Dixon. He will fly to Rockford.

**To Deliver Clothing**  
Lt. Hassell's itinerary is arranged so that he will leave Chicago at 10 p. m. Thursday, arriving in DeKalb at 10:30 leaving DeKalb at 12 o'clock, arriving at Dixon at 12:30, leaving Dixon at 2 p. m. and returning to Chicago by way of Rockford. He will deliver clothing in DeKalb, Dixon and Rockford.

### A Business Proposition

Lt. Hassell stated today that he would perform no "stunts" in the air, although he will make a circle over the city when he reaches Dixon. The Society Brand plane, a black and white checkerboard machine, sent out by Alfred Decker & Cohen is a business institution and not a stunt feature. It is planned to inaugurate a regular air delivery system, and the Vaile & O'Malley store in Dixon will of course be on the route. The company at present has two machines in service, one of them recently making a trip to Champaign and other points downstate.

## GEORGE W. REYNOLDS CALLED LATE FRIDAY

George W. Reynolds, formerly of Dixon, died yesterday at the Presbyterian hospital in Chicago of paralysis. Burial will take place in Depauville, N. Y. His wife and daughter, Mrs. Zander, and niece, Mrs. John Ralston, accompanied the body. Mr. Reynolds was fifty-one years of age. He was a brother of Horace G. Reynolds, president of the Reynolds Wire company of this city.

## FULTON TEAM HERE TO MEET THE BROWNS

The Lincoln Highway Tire company baseball team arrived here this afternoon from Fulton to remain over Sunday, playing two games here with the Brown Shoe Factory nine. The visitors have a very strong lineup and it will be the first real hard fought game of the season that the Browns have arranged for. The visitors have been practicing for several weeks and have with them some of the older and experienced baseball stars from the vicinity of Fulton.

Allen the young left-hander, will probably be picked to pitch this afternoon game with Coffey behind the bat. Buck Lightner will probably play one of the infield positions this afternoon and pitch Sunday afternoon's game with Buchanan doing the receiving.

Manager Drake of the Browns has arranged for game to be played at the Brown field on Thursday afternoon. A picked team of Dixon players has been gathered together and will oppose the Browns on that date. The Browns will doubtless play the LaSalle city team in a week, arrangements for the game being under way at present.

## Willard Needs All Training Possible

By Associated Press Leased Wire  
Toledo, June 7.—After four days of absolute idleness, Jack Dempsey, challenger for the world's heavyweight title, is to resume training today at his Maumee Bay shore camp for his championship contest with Jess Willard here July 4.

Dempsey, according to the program mapped out by Manager Jack Kearns and Jimmy De Forest, chief trainer, will work for nine or ten days and then lay off again until about ten days before the fight. His handlers have adopted this unique system of conditioning to prevent him from going stale.

Hard, fast work is what Willard needs if he is to get in prime condition for the Independence Day contest, according to the view of boxing experts. The champion, they say, needs every day of the remaining four weeks to get into trim.

## Norfolk and Western Shopmen on Strike

By Associated Press Leased Wire  
Roanoke, Va., June 7.—More than 5000 machine shop employees of the Norfolk & Western railway went on strike today and they expect to be joined by trainmen and engineers within a few hours.

The strike, which originated in the discharge of a few men at Wilcox, Va., for alleged insubordination, is said to have spread rapidly over the entire system.

Union officials declared today there would be a complete cessation of work in all Norfolk & Western shops after noon today unless the shop men's alleged grievance is settled. Officials of the road are awaiting a decision by the railroad administration.

## Majority of Paris Strikers Still Out

By Associated Press Leased Wire  
Paris, June 7.—The strike situation was unchanged this morning. While a few of the smaller walkouts have been settled to the satisfaction of the workers several fresh ones have broken out. The principal strike movements are in the transportation and metal industries, a settlement seemingly being as far off as ever.

The railroad men of the Paris district held a stormy meeting last night, the extremists being much in evidence. While the meeting did not vote for an immediate strike, it was decided to make preparations for a cessation of work.

## Poland Will Guard Allied Oil Fields

By Associated Press Leased Wire  
Zurich, Switzerland, Friday, June 6.—(Delayed)—The Polish government has established a military commission in the eastern Galician oil field with the announced purpose of safeguarding Polish and allied interests there. The German, Austrian and Hungarian owned properties have been sequestered as a guarantee for the collection of war damages.

Work has been resumed at all the wells.

## PEACE SUMMARY

By Associated Press Leased Wire  
There is every evidence that the leading figures of the peace conference in Paris are endeavoring to hasten the delivery of the allied reply to Germany's counter proposals to the terms of peace. According to advices positive instructions have been given by the council of four to all commissions working on the reply to complete their reports by Monday. If this order is carried out it is probable the reply will be framed early in the week and will be immediately presented to the enemy delegation.

From reports coming from Paris it seems that there is growing a sentiment in the council of four that alterations must be made in the treaty, but in what particulars the terms will be modified is not as yet indicated. Premier Lloyd George is attending meetings of the British commission studying the reparations phase of the treaty.

Count Von Brockdorff Rantzau, head of the German peace mission, left Versailles last night for Germany. It is reported from Paris that he is expected to return Sunday. French official circles are said to expect the Germans to refuse to sign the terms and it is pointed out that as delay would favor the Germans there is necessity for haste in bringing exchanges between the allies and the enemy to a close. A more hopeful sentiment is said to be apparent in Berlin.

The Italian claims to territory on the eastern shore of the Adriatic also are causing some uneasiness in peace conference circles. The Italian parliament will meet June 18 and Premier Orlando is demanding that a settlement be reached by that time. Dispatches from Paris indicate that the deadlock over the situation regarding Fiume and the Dalmatian coast is still the source of concern and that efforts to arrive at an agreement have been futile.

Admiral Kolchak's forces operating in European Russia are, it is admitted, checked by the bolsheviks, and it seems probable that there will be, to say the least, quite a serious delay in carrying the campaign to a successful conclusion. Winston Spencer Churchill, the British war secretary, declared yesterday that "no attempt should be made to encourage extravagant hopes regarding operations in Russia."

Hungarian bolshevik forces continue to advance against Czech troops between Budapest and Vienna. They are reported to have crossed the Danube at Gram and to be menacing Pressburg. French generals are said to be in command of the Czech army there.

## Strike in Protest of Nissen's Death

By Associated Press Leased Wire  
Berlin, Friday, June 6.—(Delayed)—The Greater Berlin soviet, which is dominated by the radical proletarian elements, has ordered a 24-hour general strike in protest against the execution at Munich on Thursday of Levine Nissen, the Bavarian communist leader. Many of the large shops were closed this afternoon and the surface and subway transportation lines will not, it is expected, be in operation at any time on Saturday.

## French War Material Transferred to U. S.

By Associated Press Leased Wire  
Washington, D. C., June 7.—Transfer to the United States of ordinance material secured from the British and French governments is proceeding rapidly. Of the 227 six-ton Renault tanks purchased from France, 213 have been shipped and 22 eight-inch howitzers and large numbers of 75's and 155 millimeter guns either already have been landed in the United States or are en route.

within a radius of 12 miles, 15c within a radius of 18 miles, 20c within a radius of 24 miles, 25c within 32 miles and 35c within 40 miles. Further than this distance the rates will be determined by the zone system, similar to that which is used for parcel post and express rates.

**Longer Messages.**  
The message period on all messages from 5c to 25c is raised from three to five minutes and for messages of 30c over the three minute period remains.

From 8:30 p. m. until midnight a reduced rate is given and from midnight until 4:30 a. m. a further reduction is given in rates. From 4:30 a. m. until 8:00 p. m. the regular day rate is in effect.

Rates of the Bell and Independent lines naturally will be the same as all lines are under control of the government. This will raise the Independent rate to Sterling and Polo from the present 5c to 10c in the future. The war tax of 5 cents still applies to all messages of 15 cents or more.

An accompanying table shows the new rates to nearby points.

## EXPECT WILSON WILL REFUSE TO GIVE UP TREATY.

(Continued from Page One.)

minister of finance, in an interview telegraphed by the Daily Mail's Berlin correspondent, Dr. Dernburg reiterates his recent declaration that Germany will not sign the terms as presented, and continues:

"As a matter of fact neither the enemy nor Germany is capable of signing this peace. Germany cannot pay and the enemy cannot make Germany pay. You can invade Germany and occupy the Ruhr basin and nobody will stand in your way if you wish to come to Berlin. But when you are there what are you going to do?"

**People Want Work**  
"Your only hope of reparation lies in getting the German people to work producing goods which they can give the allies against money indemnity, but first they must have food and then raw materials. You must make terms which will enable you to get your reparations reasonably soon. You do not suppose that our children are going to remain slaves because their parents lost the war."

Dr. Dernburg elsewhere in the interview speaks derisively of President Wilson.

"I thought he came over here as a savior of mankind, in the role of a savior of mankind," the finance minister is quoted as saying, "but I have not found in the peace treaty one word of his peace of reconciliation and good will."

**Treadmill for Chickens.**  
To make chickens take exercise necessary for growth, an inventor has patented a feed box in front of which is a revolving platform over which they must scramble to get anything to eat.

## RESOLUTIONS

(Contributed.)

The regular meeting of the Board of Directors of the Dixon Public Library Thursday afternoon was saddened by the melancholy news of the sudden death of Orvis B. Dodge, its first and only president, who by a gift by deed presented the library to the city of Dixon, which is not only architecturally beautiful, without and within, but possessed of all modern conveniences suited to a library of its size, and is admirably adapted to the purpose to which it is devoted.

A committee was appointed to draft resolutions in memory of the deceased and as a tribute of our deep, heartfelt regret for his departure presented the following resolutions which were unanimously adopted.

The melancholy event of the sudden death of our President, copies to this Board and community as a great sorrow and lamentable loss and in the subject of general grief. Be resolved by the Board of Directors of the Dixon Public Library:

"That in testimony of their veneration and regard for our late President, who has been permitted, under Divine Providence, to do so much for his city and its people, they will unite in the funeral services and accompany his remains to the place of burial."

"That in the life of O. B. Dodge they recognize an example of purity, useful citizenship and virtue, a fine example for his fellow citizens."

"That a copy of these resolutions be sent to his widow and children and that they be published in the Evening Telegraph of this city, as an expression of sympathy in their great bereavement and that the library be closed the day of the funeral."

cutting off communication so far as commercial business is concerned with coast and eastern points.

**Fight to a Finish.**  
"This fight will be to a finish. Every worker is requested to obtain outside employment wherever possible and assist in every conceivable manner in making the strike a success."

"Exact time will be announced later." Mr. Marshall stated that the cities affected included all west of Denver, Colorado, from Montana points to El Paso, Texas.

"I sent telegrams of notification to union officials in the cities affected," Mr. Marshall said. "I acted upon instructions from S. J. Konenkamp, president of the organization."

"The move has been contemplated for some time and is not the result of the Atlanta strike alone. We have been unable to reach a satisfactory agreement with Postmaster General Burleson. Among other things, we desire higher wages."

## NO CHANGE IN ATLANTA.

By Associated Press Leased Wire  
Atlanta, Ga., June 7.—There were no developments early today in the situation resulting from the strike of operators employed in the southeastern district by the Western Union Telegraph company and chief interest in the controversy centered in the announcement in Washington last night by S. J. Konenkamp, president of the national organization of union men, that he would call a nation-wide strike of members of the union at a date to be decided in Chicago today.

Charles F. Mann, representing the telegraphers, said reports to union headquarters showed 3,000 men in all sections of the southeastern district had responded to the strike call. For the strikers the situation today apparently

had developed into a wait pending the outcome of the proposed country-wide walkout.

**FEDERAL JURY TO MEET NEXT TUESDAY**

A. H. Bosworth, foreman of the federal grand jury, which when it convened a few weeks ago was adjourned until June 14th, will go to Freeport Tuesday to attend the session of the inquisitorial body. Among the charges to be investigated by the jury are those against Sam Starks, the Dixon negro, who, as he was being released from the Lee county jail at the expiration of a sentence for bootlegging, was taken into custody by federal officials, charged with the sale of liquor without a government license. Since his arrest Starks has been confined in the Stephenson county jail.

## HAYING TOOLS

Haying time is near at hand. We have provided a good stock of carriers and rail, pure Manilla rope, hand and horse forks, pulleys, etc. Farmers should see our open throat hay carrier. By its use the fork full of hay is brought several inches nearer the track than it is with other kinds, the fork pulley is sure to enter the throat of the carrier and the whole mechanism is so compact and close to the rail as to lessen the danger of breakage. We also have this carrier with very large pulleys which greatly lessen the wear on the rope.

We have the very highest grade of pure Manilla rope from 1/4 to 7/8 inch.

## WALL DECORATION

How would you like to have your walls covered most beautiful, harmonious tints of a velvety surface that is washable and is put on over a wall-filler which prevents cracking and scaling?

Another suggestion is that you white enamel your kitchen walls and woodwork. Not merely a gloss paint but a real high-class elastic enamel—sanitary, durable and extremely pleasing to the eye.

Ask us about these wall coatings and get handsome color card.

## INSECTICIDES AND FUNGICIDES

This present damp weather is conducive to the development of plant diseases. Blights, spots and discoloration of leaves indicate this trouble. The best known check is spraying with Bordo mixture. We also have Bordo mixture combined with arsenate of lead with which you can combat plant diseases and chewing insects at the same time.

We sell plain arsenate of lead, Paris Green and lime-sulphur in large and small packages.

It is better to keep your plants from getting into trouble than it is to try to cure them after they get it. Hence spray at once—don't put it off.

We have "Black Leaf 40," which is a nicotine preparation and is the best remedy known for plant lice—25c and \$1.00 packages.

## ENTERTAINED

The following company of ladies were most delightfully entertained at the home of Mrs. Amy Dishong, of Compton, on Monday afternoon: Mrs. Martha Beemer, Mrs. Hester Matthews, Mrs. Elizabeth Mannon, Mrs. Sophia Bennett, Mrs. Lydia Cole, Mrs. Alice Adrian, Mrs. Cynthia Cook, Mrs. Ellen Hude, Mrs. Turner, Mrs. Pool, Mrs. Tullis and Mrs. Cain, of Compton. Mrs. Ada Beemer, of Austin, and Mrs. Mary Stout were also present. After the social hour delicious refreshments were served by the hostesses, Mrs. Dishong and her sister, Mrs. Daisy Paine. Just before departing for their homes a kodak picture was taken of the group, one of which will be presented to each as souvenirs. Mrs. Dishong is doing much to cheer the pathway of these silver-haired ladies by making these little parties an annual affair, which is always looked forward to with anticipation by the ladies.

## ORPHANAGE ENTERTAINMENT

The Nachusa Lutheran orphanage sponsored the production of two moving pictures, "Lutheran America" and "The Creation and Fall of Man," produced by the Lutheran Pictures association and shown at Curran's hall last evening. The former follows the history of the Lutheran church in America from the days of the early colonies, showing the first churches built, a copy of the first book ever translated into the language of the Indians, a Lutheran catechism, and showing that some of the members of the first continental congress were Lutherans, a fact which is being overlooked in these days when the German origin of the church is remembered and the church is on trial for its patriotism. The other picture was biblical. Bad weather doubtless prevented many from coming. Twenty-two dollars was the amount taken in from the sale of tickets.

## CHOIR FESTIVAL

St. Luke's choir festival, an annual affair, was held Friday evening and as always it was a most enjoyable affair. After a short service in the church auditorium with an address by the pastor, Rev. H. M. Babin, and an anthem by the choir, the audience went to the guild rooms where a musical program was enjoyed and refreshments of ice cream, etc., were served. Miss Seville Crawford and Mrs. W. G. Kent each sang a solo. Miss Marcelle Kent gave two vocal numbers, and Elmer Rice also sang. About 60 were present to enjoy the evening. Iris and peonies decorated the church and oriental poppies were used very effectively in the guild rooms. Mrs. E. D. Reynolds was assisted by Mrs. Harry Wheeler in the serving of the refreshments.

By Associated Press Leased Wire  
Washington, D. C., June 7.—One woman was included in the list of citations made public by the war department today as the basis for awards of the distinguished service cross. Miss Jane Jeffrey, an English woman, serving as an American Red Cross nurse, was cited for extraordinary bravery in action. While on duty in a hospital she was wounded by an exploding aerial bomb, but refused to leave her post "though suffering great pain; her devotion to the task of helping others was inspiring to her associates."

Colonel Harry S. Howland, of Pasadena, Calif., won the cross by capturing a German post with a "mixed detachment, partly non-combatants" which he had led, through a heavy fog, far in advance of the American combat troops.

Other awards of the D. S. C. announced today included:

First Lieutenant Harrison A. Dickson, (deceased), 43 South Seventh St., Springfield, Ill.  
Second Lieutenant John C. Lee, (deceased), Chicago, and John M. Millie, Cattlettsburg, Ky.

## A REPORTER CALLS UPON BAR BARA.

CHAPTER XXIV.

The bell rang. I shivered as I had at every sound I had been alone. This time with reason.

"A man down stairs says he must see you ma'am." Cook came up and told me. "I tried to tell him you wasn't well—like you told me to—but he acted like he didn't believe me, and said he would wait, and then set down on one of them elegant plush chairs like he was going to stay all day."

"Tell him I will see him. Take him into the library."

"Very well ma'am. But he ain't quite your sort ma'am. Not quite."

I knew it was a reporter. It was hard for me to dissemble, always had been. But I must not let him get anything out of me. I recalled Mr. Frederick's warning to be "as stupid as possible." I would be stupid.

When I saw the youngish man with a rusty overcoat, and heavy glasses I understood Cook's "not quite your sort." Yet he had a nice face, and he looked kind.

"You wished to see me? I am Mrs. Forbes," I said as he rose.

"Yes the Morning Argus would like to know how you feel about your husband's trouble," he had hesitated just a moment before the word, "and where he is at present."

"I don't know anything about anything," I replied wondering if that were a stupid enough answer.

"But surely you know where your husband is?"

"Surely I don't. He never tells me things. He just went away." I felt I didn't know exactly where he was just then, so was not telling a very gross untruth. By the expression on my interviewer's face I knew I was being "stupid" all right. I was almost hysterical as I saw it.

"Do you know this man Scott?"

"Mr. Forbes never brings men home with him. He knows I don't like them."

"Will you tell me why?" A gleam of satisfaction in his face. He evidently thought he was now going to learn something.

"Why I just don't like to have them here that's all. I can't talk business, I don't know any more."

Look, please, at the on your paper. You expire soon. We say egraph unless it is made

ABE MARTIN

COMPANY G BOYS  
ARRIVE SUNDAY

(Continued from Page 1)  
that one idea is to get home to mother, wife, sister or other loved ones.  
Of course great crowds will greet the autos when they arrive and discharge their honored passengers, but the minute the boys set foot on good old Dixon soil they will be free to beat it home—and it's a safe wager that's the first thing everyone of them will do.

**Big Reception Thursday.**  
They will be given ample demonstration of the love Lee county bears for them next Thursday, which is to be Lee county's holiday to welcome home all her fighters. The principal feature of the day, as far as the returned soldiers, sailors, marines and nurses are concerned, will be the big banquet which is to be served then.

**The Big Banquet.**  
The big banquet, which will be free to all Lee county men in uniform, and to which all are invited, whether mailed invitations have reached them or not, has been turned over to a general committee from the various patriotic orders of the city and their selection insures the boys the very best kind of a feed. They will be in sole charge of the menu which will be announced Monday, and ladies of Dixon and vicinity who expect to donate anything toward the spread are asked to notify any of the following, the committee in charge:

From War Mothers—Mrs. Tryon Rosbrook, Mrs. J. W. Crawford, Mrs. Howard Stevens, Mrs. John McIntyre.  
From Ladies of G. A. R.—Mrs. Walter White, Mrs. George Morris, Mrs. George Schmucker.  
From U. S. W. V. Auxiliary—Mrs. L. M. Goodwin, Mrs. Harvey Miller, Mrs. Lottie Horton.

From W. R. C.—Mrs. A. C. Dollmeier, Mrs. Sam Mall, Mrs. Charles E. Miller.  
The banquet will be served at the Elks' club at 6 o'clock p. m. the use of the building, kitchen and dishes having been donated by the lodge.

**For Balloon Ascension.**  
In addition to the many other free acts have been booked for the day's entertainment, mention of some of which has been made in The Telegraph, a balloon ascension will be made by the only one-armed balloonist in the United States who rides hanging from the bar, and who uses a "dead fall" parachute, which falls 150 feet before spreading.

And the balloonist's exhibition will be of especial interest to Dixon and Lee county people in that it will be made by a Dixon man—Andrew Owens, who for twelve years has been following this profession. During all that time "Andy," as he is commonly known here, has never made a flight at home, and this will be Lee county's first opportunity to see him. He will make the flight from the vacant lot on Second street across from the City Park, the hour to be announced later.

MRS. E. L. DIMICK

ROBERT POWELL  
HURT IN 40-FT.  
FALL AT ARMORY

Narrowly Escaped Serious Injuries Friday Evening.

Robert Powell, son of Dr. and Mrs. C. P. Powell, narrowly escaped serious injury or death last night shortly before 12 o'clock when he fell backward out of a window in the rear of the Armory hall, a distance of about 40 feet to the cement pavement in the alley, alighting on his feet.

His body struck the heavy steel fire escape twice after he had fallen from the window and before he struck the pavement. Some who were near the window say that he had started to climb up the fire escape to the roof and missed his footing, and others say he was seated in the window, lost his balance and fell backward.

Many who were very close to the window and witnessed the fall or heard his body striking against the fire escape, feared that he would be killed instantly. When he struck the pavement below, in the rear of the Netz garage repair shop, he was only a few feet from a gang plow that was left standing in the alley. Several physicians were summoned at once and the young man was picked up and hurried to the hospital. He was in a semi-conscious condition for some time but an examination at the hospital failed to disclose any serious injuries.

He suffered a deep cut under the right eye and a scalp wound about four inches in length, besides several bruises about the body. The attending physician stated this morning that he had been unable thus far to locate any broken bones or concussion and that the young man was resting as easily as could be expected.

ONLY REGULAR ARMY  
REMAINS IN FRANCE;  
OTHER UNITS RETURN

Regular Divisions Will Start Homeward Move During Next Week.

**By Associated Press Leased Wire**  
Washington, June 7.—Return of the national guard and national army divisions from France has been completed, the war department announced today and the homeward movement of the regular divisions began this week with the embarkation of the principal units of the Sixth division. The Fourth and Fifth divisions also are scheduled for return this month.

Complete figures for the movement of the army during May show that 232,393 officers and men were embarked during May. "This was considerably in excess of recent estimates by department officials."

Demobilization has returned 2,391,629 officers and men to civil life and, on June 3, had reduced the American forces in Europe to less than 700,000. The speeding up process has proceeded to the point where the war department has found it necessary to put on the brakes. Commanders of demobilization centers were told that instances had been reported of soldiers being sent through the camps so swiftly as to prevent the finance and quartermaster officers properly checking their records.

**Fruits Stand First.**  
Fruits have the honor of being most widely diffused geographically, grown with the kindest care, and of being first used by man as food. They still enter largely into the regimen of the cultivated nations, and are the fairest of civilizers. . . . The use of them is of such universal importance that we cannot subsist in any plenty or elegance without them. And everywhere beside the cultivated man grows the orchard, to intimate his refinement in those excellences most befitting his race.—A. Bronson Alcott.

**Why Business Falls.**  
Dr. Malcolm Keir of the University of Pennsylvania attributes the 15,000 to 20,000 business failures which occur annually to one or more of the following causes: Inexperience, unwise use of capital, employment of relatives, poor location and accounting, extension of credit and dishonesty.

Opposition to New Rhine Republic is Growing Every Day

**By Associated Press Leased Wire**  
Wiesbaden, Friday, June 6.—(Delayed.)—Opposition to the Rhenish republic is growing here each day. The judges of the province are the latest to defy the new government and with court employees, have declined to recognize the legality of the regime headed by Dr. Dorten.

The French are reported to have made definite promises to the republic in the shape of officially settling wine and food prices on a peace basis and also fixing the value of the mark arbitrarily at one franc 23 centimes. A general protest strike occurred here yesterday.

WILL SHARE WAR COST.

**By Associated Press Leased Wire**  
Cologne, Friday, June 6.—(Delayed.)—Dr. Dorten, president of the new Rhenish republic, has telegraphed Sir William Robertson, commander of the British forces of occupation here, announcing the formation of the republic and repudiating any desire to evade a "just share in the reparation of war damages."

He appeals to the entente powers to protect the new state against inevitable revenge from Prussian militarism.

CHARGE AGAINST FRENCH.

**By Associated Press Leased Wire**  
Darmstadt, Friday, June 6.—(Delayed.)—Ten persons expelled from portions of the Rhineland occupied by the French because they refused to deal with the new republic it is alleged, have reached this city. They claim to have been confined by the French in the barracks at Worms and some say they were not given food for 24 hours, were placed in cells without sleeping accommodations and were insulted and maltreated by French officers.

Worry over his father's illness was believed to have caused Jacob Moss-holder, aged 23, of South Dixon, to take his own life. He blew his brains out with a shot gun.

In a report with the bill the committee said the purpose in making the large reductions was to bring to an end the program of unlimited appropriations and to make the burden on the tax payers as light as possible without detriment to our military establishment."

THE CHIROPRACTOR'S OBLIGATION TO THE PUBLIC HEALTH

"Though Physicians gain their living principally through the prevalence of disease, they have ever been active in seeking to control, prevent and eradicate this foe of mankind." (Rupert Blue, Surgeon-General, United States Public Health Service, in June issue "Modern Medicine.")

No branch of the Healing Profession has been more active in this than the Chiropractic Profession. We have always tried to maintain the highest efficiency, improve our methods, keep abreast of every new movement, promote every important activity that would help raise the standard of health, maintain strict obedience to the laws governing contagious and infectious diseases, cooperate in every way with the health authorities, educate the community in the best and safest way, not only to gain but to maintain health, to place community welfare above self-interest, to seek to discover the underlying social and economical causes of the illness of patients.

Chiropractic has made good in all these things, and we are progressing rapidly to better, bigger things. The future will see Chiropractic universally accepted as the best, safest, sanest and quickest way to regain and maintain "Health." Chiropractors are specialists in their work, devoting all their time and study to this one method of healing, using no other methods at all. This assures you of good, experienced, practical work on your own individual case. By using Chiropractic alone, we know whether the work is applicable to your case, or not, and we tell you so. Our work in Dixon is proof of the good that it can do, even in cases that have been considered incurable. No need to try it, as it has been proven thoroughly good and reliable. When you start, you know that you will get results.

Handy Plant in Desert.

In the desert of Sonora, Mexico, there is a plant, the guarequi, which husbands its water supply. The guarequi is a relative of the squash and pumpkin, and inhabits a locality in which practically all the rain falls within a period of six weeks. The base of the stem is swollen to form a hard, woody structure, which in time attains the size of a large squash. It is really nothing more than a vegetable reservoir designed to hoard up the scanty moisture and dole out the precious fluid in time of need.

## FRESH DECLINE IN CORN MARKED TODAY'S TRADING

**By Associated Press Leased Wire**  
Chicago, June 7.—Fresh declines in the corn market today went hand in hand with continued liquidation by holders. Buying support was poor. Good weather and labor unrest were among the chief bearish factors. Opening prices, which ranged from 3/4c to 1 1/4c lower, with July 1.68 1/2 and Sept. 1.58 1/2 to 1.59, were followed by moderate additional setbacks. Oats dropped with corn. After opening 3/4c to 3/8c off including July at 67 1/4 to 67 3/4c the market developed further weakness. Provisions reflected the bearish course of grain. Higher quotations on hogs failed as a counter balance. Week end adjustment of trades led subsequently to something of a rally. The close was unsettled in net lower to 1/4c advance, with July 1.68 1/2 to 1.69 and Sept. 1.60 1/2 to 1.60 3/4c.

## Weekly Grain Review.

**By Associated Press Leased Wire**  
Chicago, June 7.—With the visible supply of corn about 10,000,000 bushels less than was the case a year ago and with planted acreage smaller and the status of the growing crops below normal, prices of corn this week have scored material upturns. Compared with a week ago, the corn market this morning was 2 1/2c to 4 1/4c higher, oats were down 3/4c to 3/8c, and provisions varying from 30c decline to a rise of \$1.75.

Industries, elevators and shippers competed actively for all the arrivals of corn, during successive days, and although fear that a squeeze might accompany the final adjustment of May contracts proved to be unfounded the enhancement of values met no check until transient tightening of the money market put bullish sentiment something at a discount. Subsequently, improved crop conditions tended further to take away part of the upward strain on values. Bearish sentiment, too, acquired more or less additional impetus later by reason of the fact that after today holdings of any individual interest would be restricted to a maximum of 200,000 bushels.

Oats were eased chiefly by the excellent crop outlook. Most deliveries of provisions showed decided advances, the result of big exports last week and of a decrease in warehouse stocks of lard here.
